P. R. Orandall, faculty advised in athletjes at Bushness High, states that the twenty new codets added to the two companies February 1 have done nuch consectentistic work at drill that they will be given their guns after the holidays. They have been measured for their unforms, and probably will be full company mcn by the and of the week.

It is officially stated in the office of Secretary Hins that the same construc-tion applies to February 25, this year, as was applied to the twenty-eighth last year, except that absence on this day will be considered as two days absence instead of three. In the payment of sub-efficies the twenty-eight of February is considered as one day.

Two former Western High School boys are "making good" in their freehmen unl-versity year. Jaimes Lockwood is one of a small group selected from 60 stu-dents whose work was an astisfactory that they were not required to take the customary English "exams." William Gray overtop his fellows in scholastic standing at Chicago University

Basket-hall teams have been organized mong the cadet companies of high chocks. Last Wednesday Company G, of bininess, defeated Company F, of East-

Mr. Harry Q. Hine has ordered a "composition" a composition of "compoheard," a composition black-beard, which is recommended as practi-rally dustiess. It is to be given a try our and adopted for school recess if found

Pupils in night schools which have been closed through lack of funds are urged by the director of sight schools to immediately enter some class which is continuing the course. They will find a hearity welcome and a spirit of help-fulness in both grade and high schools. Pirms are being matured for the formal dedication of the Grover Cleveland School at Eighth and T etreefs, and the J. R. West School at Fourteeath and Farragut. Sensior Hoke Smith will make the address at the former.

Mr. I. Paul Taylor, now a student at Union Theological Seminary, in New York City, visited Central High School sore any, varied Central High School last Tiesday, and found a confine wel-come awaiting him. He was formerly clerk in Mr. Wilson's office and took an active interest in school sports. George Washington University conferred upon him his B. S. degrees, Petruary 28.

conceiled and praise. The affair bushell practice. Capt. Wood enter a given under the ausplees of the Council of Jewish Women.

Out of the condition of the condition of the conditions had been asked the board of education to put a bell in the belfry of the school building. They think it may be an aid to prompt attendance at the school sessions as it its ringing will amounce the correct time to many homes in the outlying sections, where accurate the correct time to many homes in the outlying sections, where accurate it timepleces are the exception.

If has been decided that the 1912, Central High School as 1912, Central High School has the school sessions as the second of the country during the Revolutionary European Country during the Revolutionary Country during the Revolutionary European Country during the Revolutionary European Country during the Revolutionary Country Coun

The Compression of the Treasury holds that while he does not agree with the decetime contained in the decision of the Court of Appeals in the case of the District against 15thred Dean, he will feel found by it, and in the absence of any prother legislation the regulations of the beard of education will be binding upon the accounting efficers. This will be in effect after July 1.

WARNING TO PARENTS.

It is risky to feed raw milk and ersam to children or invalids un-less you are sure that at the farm which produces the milt the utmost cleanities is observed at all times, particularly during militing; that the employes are thoroughly head-thy and cleanly persons, that the cows are free from diseases, that the water used for rinning is of un-deuthed parity, and that the mil-deuthed parity, and that the mil-deuthed parity, and that the mil-deuthed parity, and that the mil-ting quickly cooled and kept coild and covered until delivered to you.

Raw milk often produces Tuber-

We can guard against infecting properly pasteurizing milk by home pasteurization.

Properly pasteurizing milk (and cream) by keeping it at 180 deg. P. for twenty to thirty minutes does not affect its nutritive value nor its digestibility. Quick or commercial pasteurization, however, is unreliable.

You can home pasteuries raw milk by heating it to near builing, then cool, and keep cold and cov-ered until used.

Sociely for Pravention of Sickness,

L. BERLINER, Secretary.
